

Now a nationally recognized artist/illustrator/designer, boasting over 20 awards on both local and district levels as well as being twice Nationally Published. *Michael D. Colanero* started his artistic career at the age of 3 sketching and doodling on napkins and the back of place mats in his father's restaurants.

Melding his passions and hobbies to his career he emersed himself completely, one product of this focused energy is **UNCOMMON Stock**, a collection of high quality open and limited edition fine art prints and other reproductions of his illustrations, photography and digital creations. Showcasing a diversity of subject matter and themes these images are available in a number of sizes and configurations. These hand-signed prints are sold alone, with a mat, or with both a mat and a frame. Also offering options for the frame color and material, glass type, and the mat mounting style as well as economical frameless/glassless solutions.

With the curiosity of youth and the critically keen eye of a perfectionist, his work is an extension of his life – reflecting his unique experiences and perspectives to the viewer. Exploring various aspects of the world around us all that often go overlooked – inspiring us to pause and appreciate both the intricate details as well as the purity of simplicity.

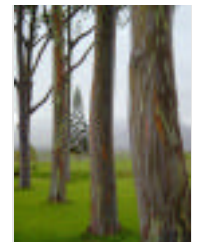

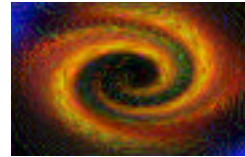

UNCOMMON Stock uses only the highest quality materials at each stage of production. All mats and mounting materials are museum quality acid-free – 100% cotton rag and are expertly bevel cut. In addition to their conservation and archival qualities, these high quality mats provide a clean bright bevel edge (SAY NO! to cream or brown colored edges). Each length of high quality wood and aluminum frame moulding is hand inspected to ensure the highest level of craftsmanship possible. All framed pieces include corner wall bumpers and come complete with wire and hanging hardware.
